

Managing showings and clients on the go is easy with the ShowingTime mobile app! No matter where you are, you can schedule showings, reply to feedback and more:

-  Request Showings 24/7
-  Find Nearby Listings Available to Show
-  Read, Review and Respond to Feedback
-  Access Showing Instructions
-  Alert Sellers When Showings Are Completed
-  Get Appointment Updates via Push Notifications

How to Get Started:

Step 1: Download the ShowingTime app through your mobile device's store.

Step 2: Open the app on your device and follow the on-screen prompts listed below.

Do you have a ShowingTime login?

Note: Your ShowingTime login credentials are unrelated to those you use to log in to your MLS.

- If **Yes**, simply enter your credentials on the login screen to access your account
- If **No**, enter your email address that's on file with your MLS when prompted to send yourself an authentication email

Step 3: Check your email **from your device** for the authentication message from ShowingTime. Tap the button or link within the email, and you're in!
